

Cooker Hood

Model ARH350B ARH350X

Instruction Book

V20240729

Cod:0103094122-00.01

Information and advice

CAUTION: Accessible parts may become hot when used with cooking appliances.

In certain circumstances electrical appliance may be a danger hazard.

A) There must be adequate ventilation of the room when the cooker hood is used at the same time as appliances burning gas or other fuels.

B) Do not check the status of the filters while the cooker hood is operating.

C) Do not touch the light bulb within half an hour after appliance has been use.

D) Do not light a flame under the cooker hood.

E) Avoid opening gasometer when there is no pan on the stove, as it is damaging for the filters and a fire hazard.

F) Constantly check food frying to avoid overheated oil splashing and becoming a fire hazard.

G) Disconnect the electrical plug prior to any maintenance.

H) Regulations concerning the discharge of air have to be fulfilled.

I) When the range hood and appliances supplied with energy Other than electricity are simultaneously in operation. The negative pressure in the room must not exceed 4 Pa (4×10^{-5} bar).

Information and advice

CAUTION: Accessible parts may become hot when used with cooking appliances.

J) If the supply cord is damaged, it must be replaced by the manufacturer, its service agent or similarly qualified persons in order to avoid a hazard.

K) This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety.

L) The range hood is intended to be installed over a hob having no more than four hob elements.

M) Indoor use and household use only

O) Attention ! Observe the warning in the instruction sheet concerning the operation of the appliance when air is discharged from the room

N) When the appliance is not in use and before cleaning, unplug the appliance from the outlet.

P) There is a fire risk if cleaning is not carried out in accordance with the instructions.

Q) The air must not be discharged into a flue that is used for exhausting fumes from appliances burning gas or other fuels (not applicable to appliances that only discharge the air back into the room).

Information and advice

CAUTION: Accessible parts may become hot when used with cooking appliances.

I) Children should be supervised to ensure that they do not play with the appliance.

S) Warning: Failure to install the screws or fixing device in accordance with these instructions may result in electrical hazards.

T) The installation height of hood shall not be less than 65cm.

U) The filter screen must be cleaned regularly, otherwise there is a danger of fire.

V) The installation must be carried out according to the screws and positions required by the instructions, which will easily damage the connecting wires.

W) If the supply cord is damaged, it must be replaced by the manufacturer, its service agent or similarly qualified persons in order to avoid a hazard.

X) Please follow this manual to install and clean the product.

Y) Range hoods and other cooking fume extractors may adversely affect the safe operation of appliances burning gas or other fuels (including those in other rooms) due to back flow of combustion gases. These gases can potentially result in carbon monoxide poisoning. After installation of a range hood or other cooking fume extractor, the operation of open flued gas appliances should be tested by a competent person to ensure that back flow of combustion gases does not occur.

IMPORTANT: Ensure that any false ceiling will be capable of supporting the weight of the product, which is approximately 20kg.

Installation and removal of check valve.

We recommend that after installation the bottom of the hood should be no less than 650mm and no more than 750mm above the stove's heating elements and burners.

3

Depending on the material of the suspended ceiling, 9 ST4x35mm screws are used to fix the wooden suspended ceiling, and 6 explosive bolts are used to fix the concrete suspended ceiling.

4

Calculate the telescopic length of the slideway according to Figure 1, and use M4x12 screws and M4 nuts to connect the slideway and the angle iron.

Using 6 pcs M5x15 screws to fix the angle iron on the cooker hood housing, and install the expansion pipe. See Fig.5. Set the inside chimney.

See Fig.6, put the inside chimney on the cooker hood housing.

Use 6 M4x10 screws to fix the unit on the hanging plate.

Use 3 M4x10 screws to fix the chimney on the hanging board.

Remote Control

— Light

— High speed

— Middle speed

— Low speed

— Power

Power-off: The power button is off, the power indicator is off, and it is in the off state. Pressing the speed button is invalid at this time.

Power-on: The power button is on, the power indicator light is on, and it is in the power-on state. Pressing all buttons at this time is valid.

Power button (Delay button):

The power-on and the power-off state are switched mutually. When the fan is running, press the power button to enter the delay state, the delay time is 15 minutes. When the delay time is reached, it enters the off state.

Speed button:

In the power-on state, press any speed button, the corresponding indicator light is on, and the fan works in this gear. During the operation of the fan, the fan gears can be switched to each other and correspond to the speed indicator. The fan can also be turned on or off by pressing the button repeatedly.

Light button:

Press the light button, the lighting indicator lights up, and the light works. Press the button again, the lighting indicator is off, the light stops working!

Note: Light button on or off is not controlled by the power button.

Replacement and maintenance

If the supply cord is damaged, it must be replaced by the manufacturer or its service agent or a similarly qualified person in order to avoid a hazard.

Replacing lamps

The hood is equipped with a lighting system based on LED technology.

The LEDs guarantee an optimum lighting, a duration up to 10 times as long as the traditional lamps and allow to save 90% electrical energy.

In case of malfunction of the illumination system contact the technical service.

Charcoal filter installation

In re-circulating mode, air is vented back into the kitchen through the opening in the cooker hood.

This method is advised if you are not using your hob intensively. Re-circulated air requires the use of charcoal filters to remove odours.

To ensure the best performance from your cooker hood, the charcoal filter should be replaced every 4-6 months, dependent on use.

Note: This charcoal filter is non-washable and must be replaced as required.

To install a new charcoal filter, first remove the grease filter. Then install a new charcoal filter and replace the grease filter.

Information
To ensure best performance of your extractor, you should replace the charcoal filter every four to six months, depending on use.

It is recommendable to clean the metallic filter every three months by carrying out the following instructions:

- Remove the metallic filter from the cooker hood and wash it in a solution of water and neutral liquid detergent, leaving to soak.
- Rinse thoroughly with warm water and leave to dry.
- The metallic filter may also be washed in the dishwasher.

The metallic filter may alter in colour after several washes. This is not cause for customer complaint nor replacement of metallic filter.

Information

There is a fire risk if cleaning is not carried out in accordance with the instructions.

Correct Disposal of this product

This marking indicates that this product should not be disposed with other household wastes throughout the EU. To prevent possible harm to the environment or human health from uncontrolled waste disposal, recycle it responsibly to promote the sustainable reuse of material resources. To return your used device, please use the return and collection systems or contact the retailer where the product was purchased. They can take this product for environmental safe recycling.

The manufacturer shall decline all responsibility if the foregoing recommendations and instruction regarding installation, maintenance and use are not observed and respected when using the cooker hood.

WARRANTY REGISTRATION

Your ongoing satisfaction with your artusi product is important to us. We ask that you complete the enclosed Warranty Registration Card and return it to us so that we have a record of the artusi product purchased by you.

PRIVACY

Worldwide Appliances respects your privacy and is committed to handling your personal information in accordance with the National Privacy Principles and the Privacy Act 1988 (Cth). A copy of the Worldwide Appliances Privacy Policy is available at www.artusi.com.au. Worldwide Appliances will not disclose any personal information set out in the Warranty Registration Card ("Personal Information") without your consent unless required by:

1. law;
2. any Worldwide Appliances related company;
3. any service provider which provide services to artusi or assist artusi in providing services (including repair and warranty services) to customers. Our purpose in collecting the Personal Information is

to keep a record of the artusi product purchased by you, in order to provide a better warranty service to you in the unlikely event that there is a problem with your artusi product. Worldwide Appliances may contact you at any one or more of the address, email address or telephone numbers set out in the Warranty Registration Card. Please contact artusi on 1300 694 583 should you not wish to be contacted by Worldwide Appliances.

WARRANTY

1. Warranty

Worldwide Appliances warrants that each artusi product will remain, for a period of either 12 months or 24 months of warranty. All Warranties are valid from the original date of purchase, And warranty claims must be accompanied by the proof of purchase.

24 months warranty products:

All Built-in Appliances – Limited to Ovens, Gas, Induction and Electric Cooktops, and All Rangehoods. Freestanding Cookers - Gas and Electric Models (900mm Width).

Dishwashers - Freestanding, Fully Integrated, Semi Integrated and built-in. All Wine coolers. All Dryers. Freestanding Cookers - Gas and Electric Models in 50cm, 54cm and 60cm Widths

Portable Appliances* – Benchtop Models and Portable Gas Models

2. What is not Covered by the Warranty.

The Warranty does not apply if an artusi product is defective by a factor other than a defect arising in the manufacture of the artusi product, including but not limited to:

- (a) damage through misuse (including failure to maintain, service or use with proper care), neglect, accident or ordinary wear and tear (including deterioration of parts and accessories and glass breakage);
- (b) use for purpose for which the artusi product was not sold or designed;
- (c) use or installation which is not in accordance with any specified instructions for use or installation;
- (d) use or operation after a defect has occurred or been discovered;
- (e) damage through freight, transportation or handling in transit (other than when Worldwide Appliances is responsible);

(f) damage through exposure to chemicals, dusts, residues, excessive voltage, heat, atmospheric conditions or other forces or environmental factors outside the control of Worldwide Appliances;

(g) repair, modification or tampering by the purchaser or any person other than Worldwide Appliances, an employee of Worldwide Appliances or an authorised artusi service contractor*;

(h) use of parts, components or accessories which have not been supplied or specifically approved by artusi.

(i) damage to surface coatings caused by cleaning or maintenance using products not recommended in the artusi product handbook provided to the purchaser upon purchase of the artusi product;

(j) damage to the base of an electric oven due to items having been placed on the base of the oven cavity or covering the base, such as aluminium foil (this impedes the transfer of heat from the element to the oven cavity and can result in irreparable damage); or

(k) damages, dents or other cosmetic imperfections not affecting the performance of the artusi in respect of an artusi product purchased as a "factory second" or from display

The Warranty does not extend to light globes used in artusi products.

3. Domestic Use

Each artusi product is made for domestic use. This Warranty may not extend to artusi products used for commercial purposes.

Continued over...

4. Time for Claim under the Warranty

You must make any claim under this Warranty within twenty eight (28) days after the occurrence of an event which gives rise to a claim pursuant to the Warranty, by booking a service call on the telephone number below.

5. Proof of Purchase

Customers must retain proof of purchase in order to be eligible to make a warranty claim in respect of an artusi product.

6. Claiming under the Warranty

Customers will bear the cost of claiming under this Warranty unless Worldwide Appliances determines the expenses are reasonable, in which case the customer must claim those expenses by providing written evidence of each expense to Worldwide Appliances at the address on the Warranty Registration Card.

7. Statutory Rights

(a) These terms and conditions do not affect your statutory rights.

(b) The limitations on the Warranty set out in this document do not exclude or limit the application of the consumer guarantees set out in the Act or any other equivalent or corresponding legislation in the relevant jurisdiction where to do so would:

(i) contravene the law of the relevant jurisdiction; or

(ii) cause any part of the Warranty to be void.

(c) Worldwide Appliances excludes indirect or consequential loss of any kind (including, without limitation, loss of use of the artusi product) and (other than expressly provided for in these terms and conditions) subject to all terms, conditions and warranties implied by custom, the general law, the Act or other statute.

(d) The liability of Worldwide Appliances to you

for a breach of any express or non-excludable implied term, condition or warranty is limited at the option of Worldwide Appliances to:

(i) replacing or repairing the defective part of the artusi product;

(ii) paying the cost of replacing or repairing the defective part of the artusi product;

(iii) replacing the artusi product; or

(iv) paying the cost of replacing the artusi product.

(e) Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonably foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

8. Defects

Any part of an artusi product deemed to be defective and replaced by Worldwide Appliances is the property of Worldwide Appliances. Worldwide Appliances reserves the right to inspect and test artusi products in order to determine the extent of any defect and the validity of a claim under the Warranty.

All warranty service calls must be booked via the customer care department. The team can be contacted on 1 300 85 64 11 option 1 or customercare@eurolinx.com.au
